To Whom It Concerns:

SUBJECT: Linda Googh – Reference

On behalf of both Thoron Productions Limited (TPL) and Bankten Communication Services Ltd., I am very pleased to highly recommend Linda Googh as a spokesperson, seminar leader or any other services you may be looking for in the wellness industry.

The businesses referenced above are no longer in operation but were both very successful as Producers in the Industrial Show Business/Event Marketing industry for over 30 years. Revenues topped \$30 million/year. I have known Linda for over 30 years. She was first hired by our firm, TPL, as both a manager/owner of a singer/dancer troupe and as a narrator for the General Motors of Canada auto shows. Since that time, and through both of our firms, she has performed many narrations, lead seminar groups, and as a Director/Choreographer for the General Motors New Model Announcement Shows in the 80s and 90s had a keen sense of what we and our client wanted; related very well to both corporate senior management and the cast and crews she worked with.

With her calm and professional demeanor mixed with a fine sense of humour, Linda can draw in an audience. She has proven to be highly skilled in the art of communications, public relations, sales and diplomacy.

With no reservations, I highly recommend Linda Googh as a person and a professional.

Sincerely,

A handwritten signature in black ink that reads "J. Blackwood". The signature is fluid and cursive.

Joy Parker Blackwood,
President

Past-President: Thoron Productions Limited
Past-Vice President: Bankten Communication Services Ltd.
